Luis Carlos González Mejía

PROFESSIONAL OBJECTIVE

I am a software engineering student with the subjects completely completed waiting for the degree in 2024. My current professional objective is to work in companies to develop myself in the field of work in order to be able to carry out my knowledge and expand it, I have always worked by being a very responsible person and passionate about what I do. I like to be constantly learning, so I like to be updated with new technologies. I have greater affinity with the frontend, however I also have knowledge of the backend.
